

— 2026 EDITION

# Campus One

One system for the whole school.

संपूर्ण शाळेसाठी एकच प्रणाली.

Admissions, fees, attendance, exams and report cards, staff and payroll, parent communication and the school's own website, in one place, with AI that does the paperwork.

UPI fee collection

Parent updates on WhatsApp

Report cards in minutes

Every change on record

# Most schools run on registers, spreadsheets, WhatsApp groups and three different vendors.

Fees are chased by phone. Attendance lives in registers. Report-card season takes weeks. The website is out of date. When a parent disputes a fee or a mark, nobody can say who changed what, and when. Campus One brings all of it into one system that the office, teachers and parents share.

## — MODULES

### AVAILABLE NOW

working in the current build

### IN PILOT

being tested with schools

### BUILDING IN 2026

being built with founding schools

### Admissions and student records

BUILDING IN 2026

Enquiry to admission in one flow, with documents, siblings and transfer certificates.

### Fees with UPI, cards and receipts

BUILDING IN 2026

Fee plans, concessions, online payment, instant receipts, dues lists and polite automatic reminders.

### Attendance for students and staff

BUILDING IN 2026

Teachers mark attendance on a phone; parents are told the same morning.

### Parent communication

BUILDING IN 2026

Notices, circulars and fee reminders by WhatsApp, SMS and app, in Marathi, Hindi or English.

### School website

BUILDING IN 2026

A clean website for the school with notices, gallery, admissions form and fee payment, kept up to date from Campus One.

### Exams and report cards

BUILDING IN 2026

Marks entry, grade rules and report cards in State Board or CBSE formats, printed or sent to parents.

### Exam paper generator

BUILDING IN 2026

Question papers from the syllabus with answer keys, shared with Vidya Copilot.

### Staff, payroll and leave

BUILDING IN 2026

Staff records, attendance, leave and monthly payroll with statutory deductions where applicable.

### Inventory and assets

BUILDING IN 2026

Books, uniforms, lab and sports stock, with issue and return records.

### Transport and live tracking

BUILDING IN 2026

Routes, stops and live bus location for parents.

## — WHAT MAKES IT DIFFERENT

# AI that does the paperwork, and a record of every change.

### AI OFFICE ASSISTANT

#### Ask in plain words.

"Which Std 8 parents have not paid the second instalment?" "Draft a holiday notice in Marathi." The assistant answers from your school's own data and drafts notices, reminders and report-card remarks for staff to approve.

### ACCOUNTABILITY BUILT IN

#### Who changed what, and when.

Every fee, mark, concession and record change is stored with the person, the time and the earlier value. Disputes are settled with facts, not memory.

### ONE FAMILY OF PRODUCTS

#### Office, teachers, students.

Campus One runs the school, Vidya Copilot supports teachers, Vidya AI helps students. One login, one bill, one support team.

### YOUR DATA, YOUR SCHOOL

#### Owned by the school.

The school owns its data and can export it at any time. Access is by role, and parent consent is recorded for children's data.

## — FOR OWNERS AND TRUSTEES

Fee collection, dues and staff costs on one screen, across one school or a group of schools.

## — FOR PRINCIPALS AND OFFICE

Fewer registers and phone calls, faster report cards, notices that reach every parent.

## — FOR PARENTS

Fees paid by UPI in seconds, attendance and results on the phone, notices in their language.

## — HOW WE START WITH YOUR SCHOOL

1

### Demo and plan

A 45-minute walk-through, then a written plan of the modules your school needs first.

2

### Set-up

We import student, fee and staff lists from your registers or spreadsheets and train the office and teachers.

3

### Go live in phases

Fees, attendance and parent messages first; exams, payroll and the rest as each module is ready.

## — PRICING

# One price per school, by number of students.

Essentials runs the office and parent communication. Complete adds staff and payroll, inventory, transport, the exam paper generator and the AI office assistant. Unlimited staff and parent logins on both.

| STUDENTS                          | ESSENTIALS, PER SCHOOL PER YEAR | COMPLETE, PER SCHOOL PER YEAR |
